

ESP-HI C3 CHIP REV A / 01 MCU, crystal and reset

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.

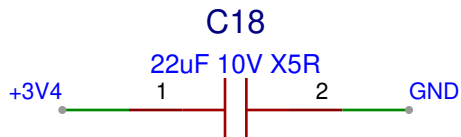

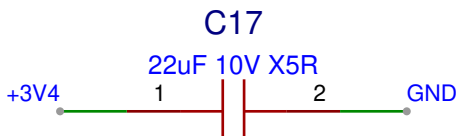

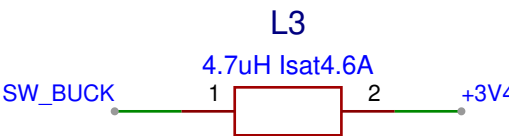

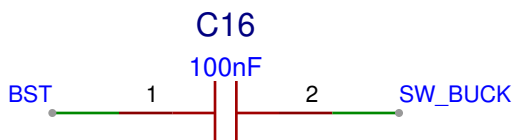

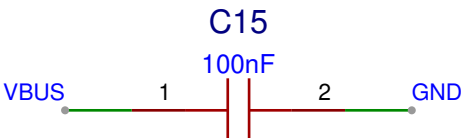

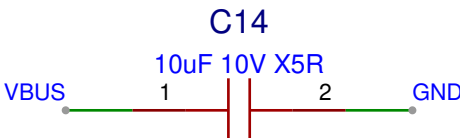

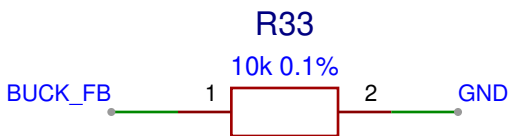

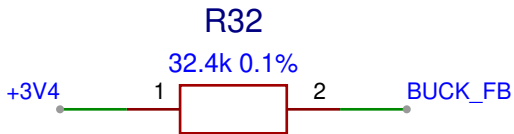

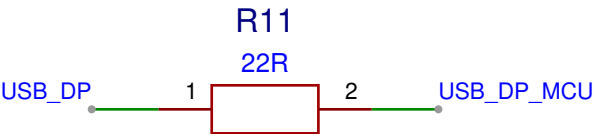

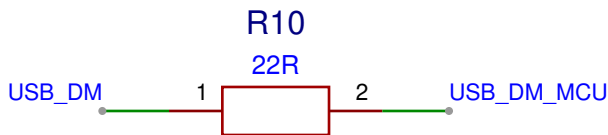

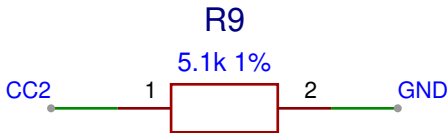

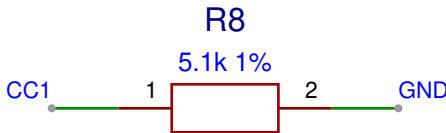

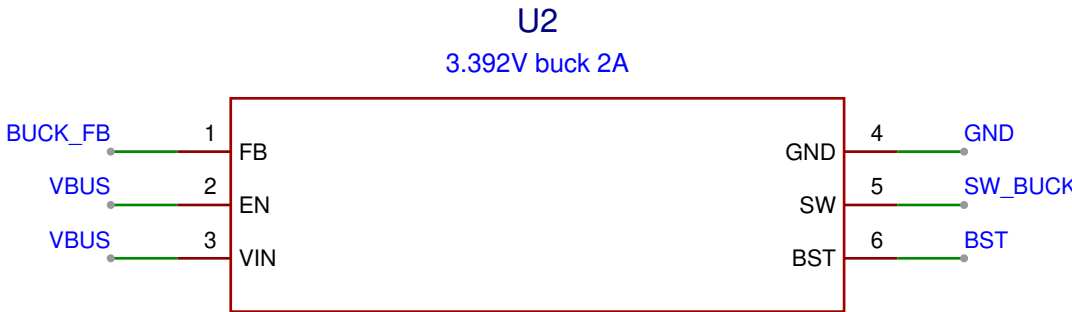

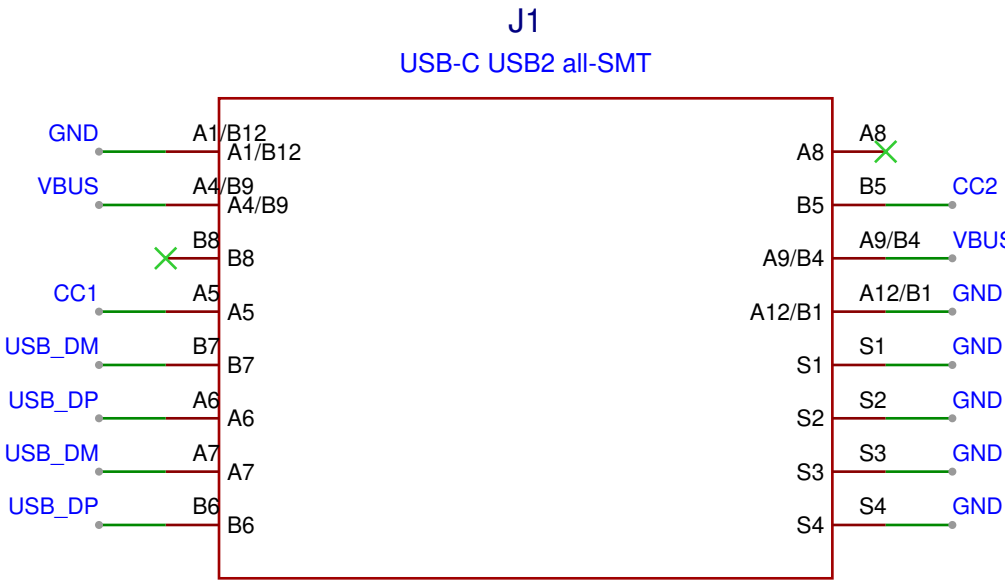

ESP-HI C3 CHIP REV A / 02 External antenna and matching

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.

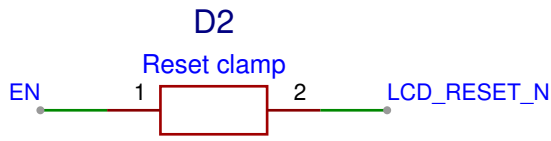

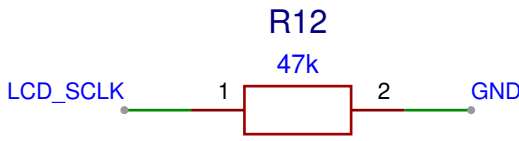

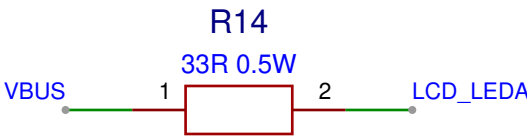

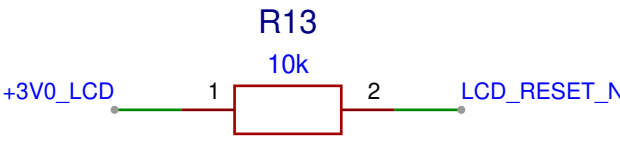

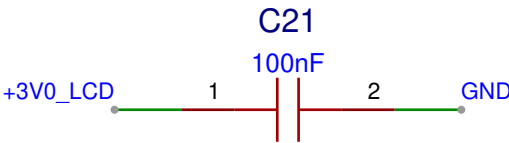

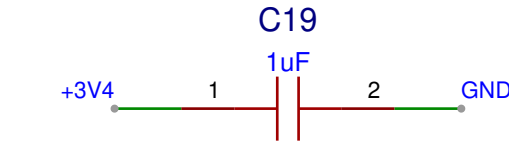

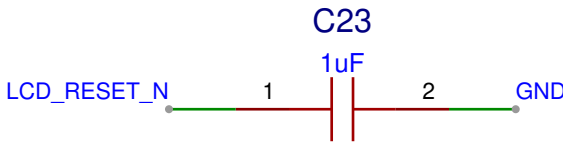

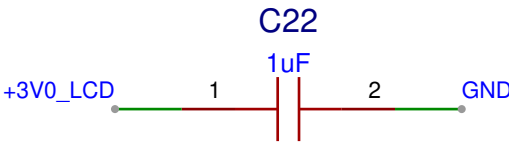

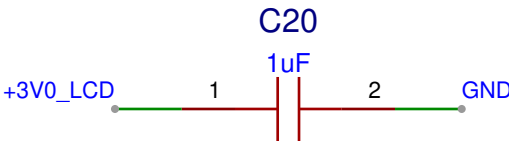

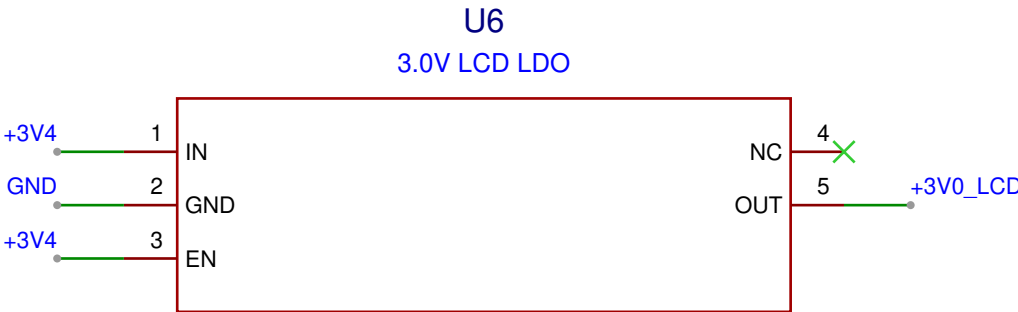

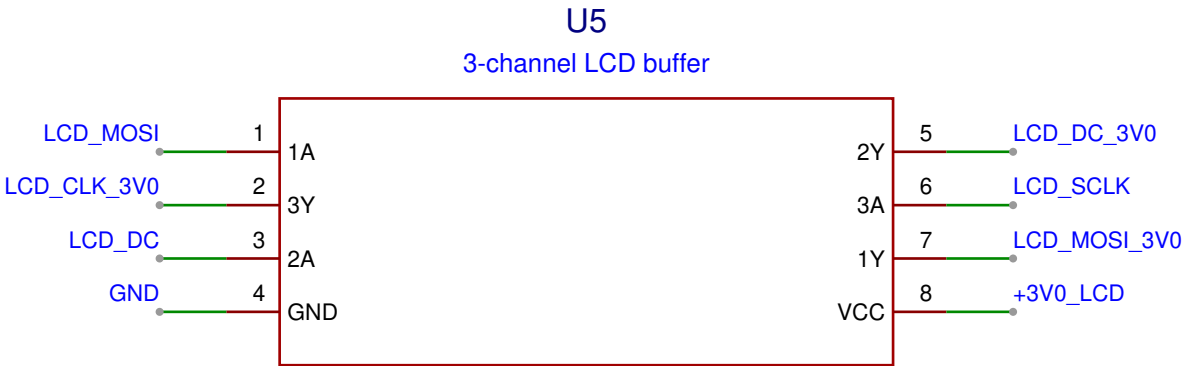

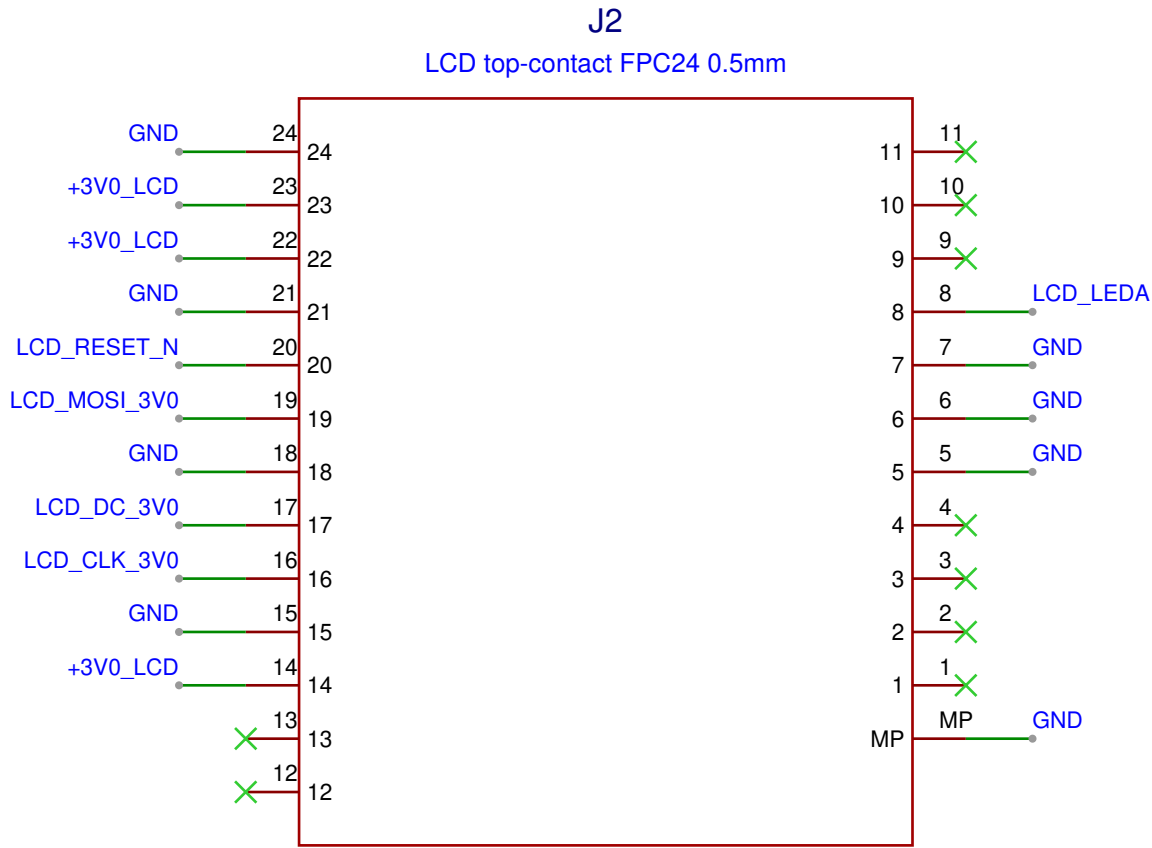

ESP-HI C3 CHIP REV A / 03 USB-C and regulated supply

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.

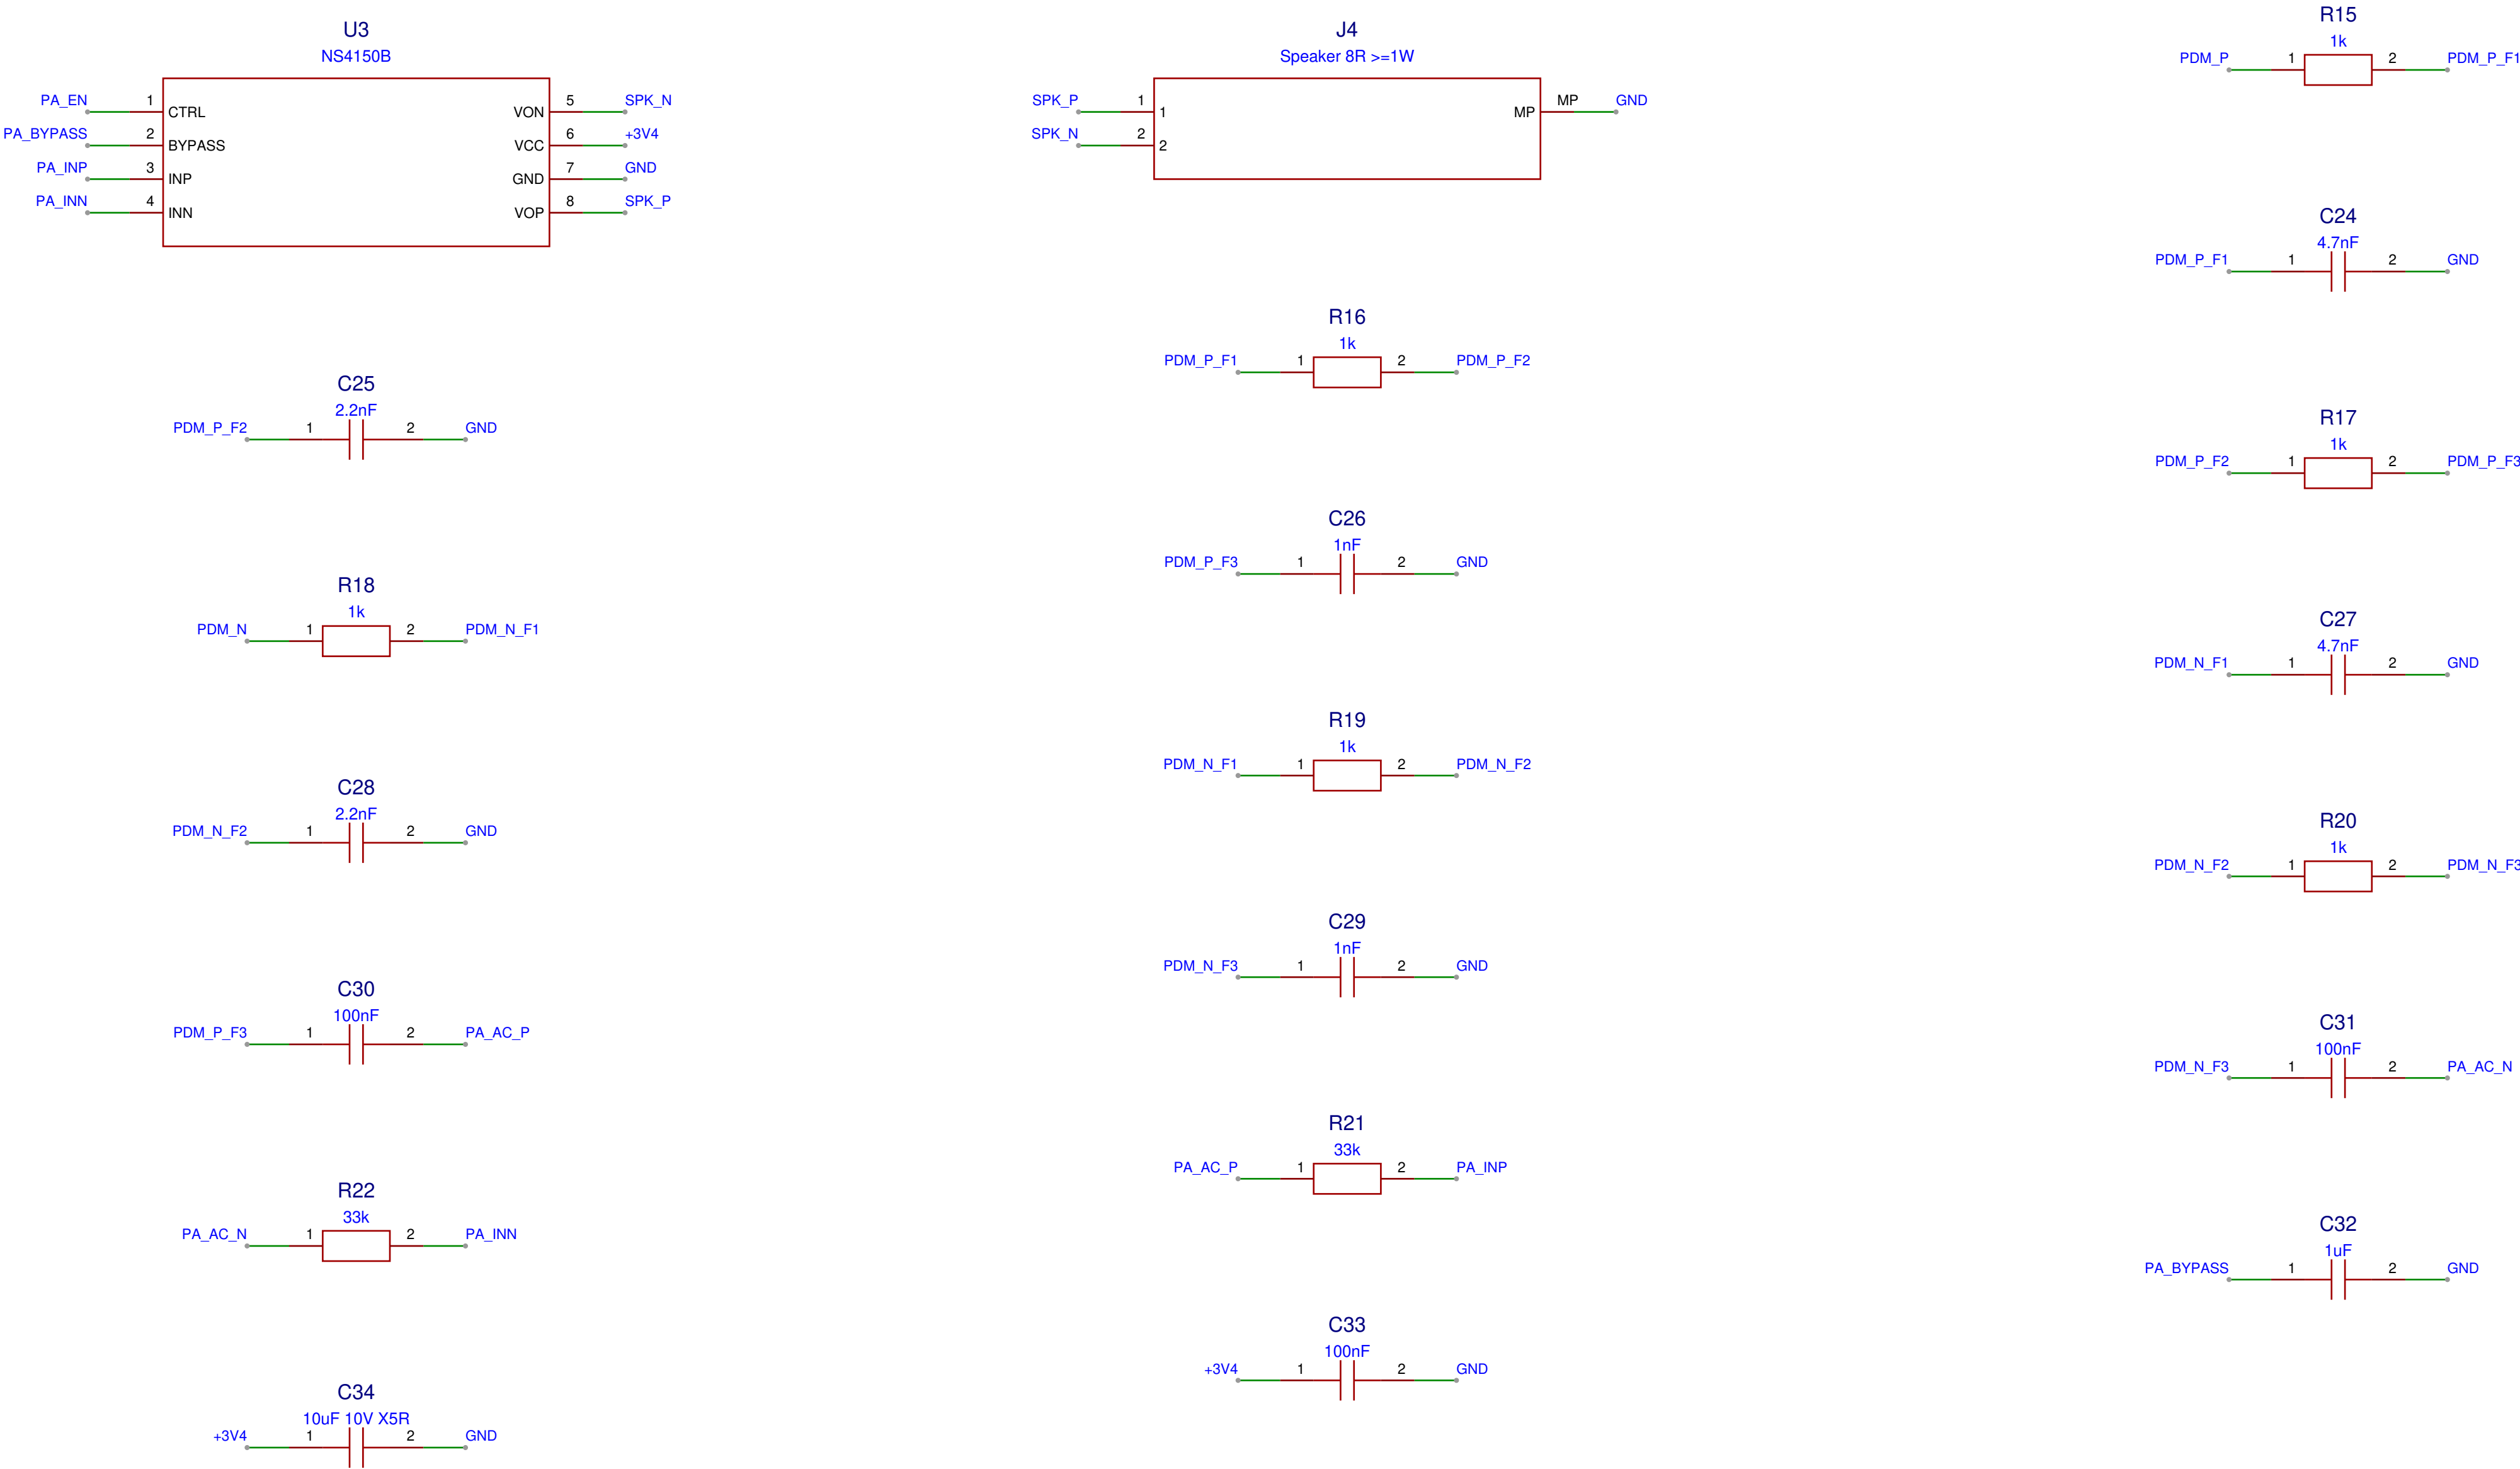

ESP-HI C3 CHIP REV A / 04 128x160 SPI display

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.

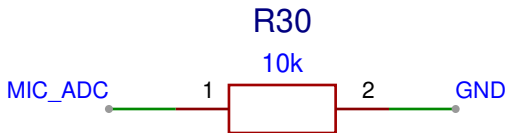

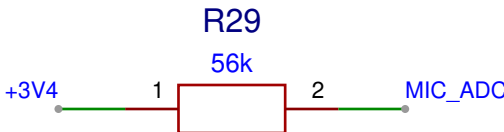

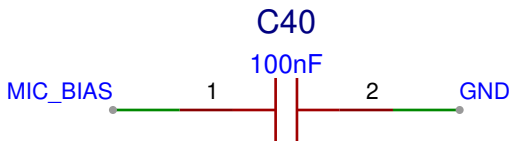

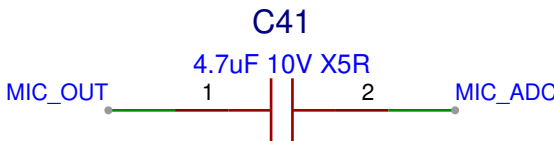

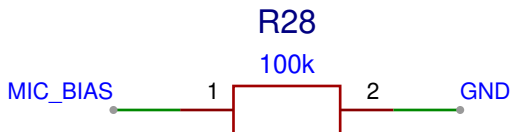

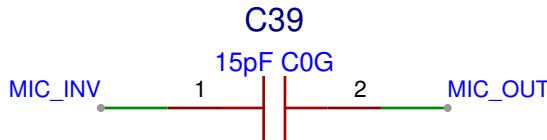

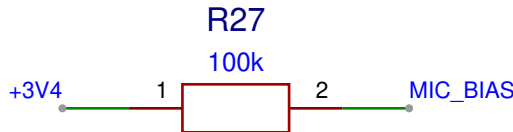

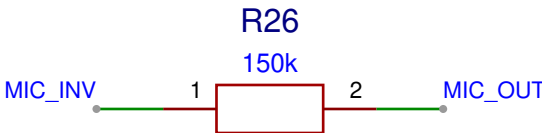

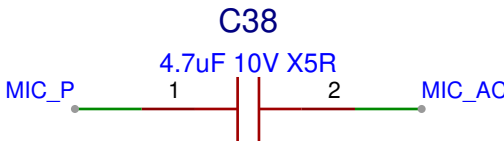

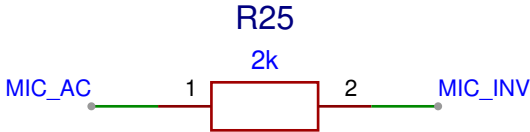

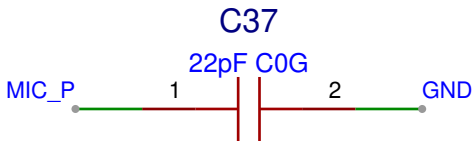

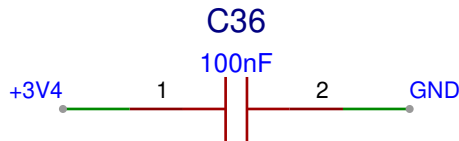

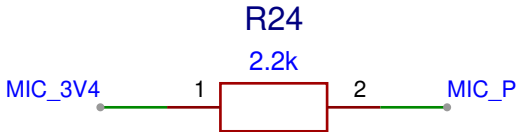

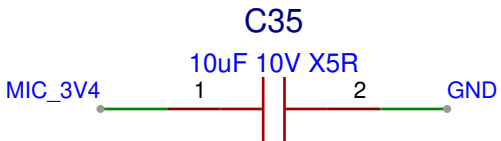

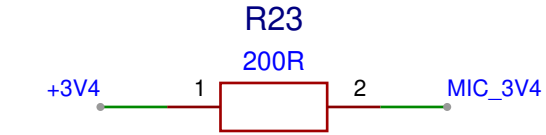

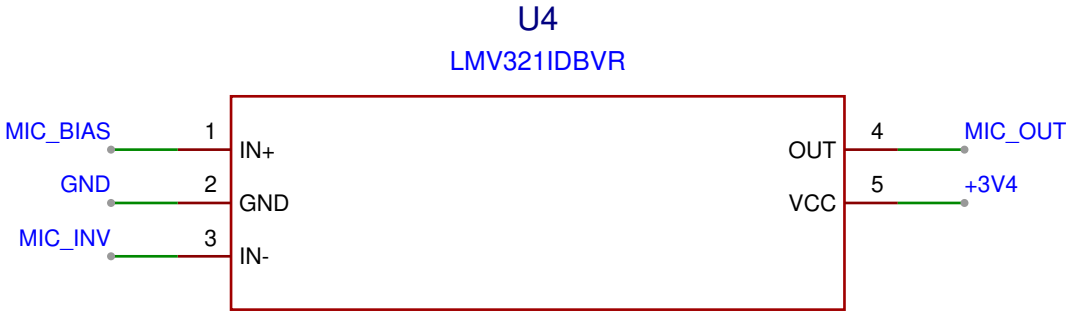

ESP-HI C3 CHIP REV A / 05 PDM reconstruction and speaker

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.

ESP-HI C3 CHIP REV A / 06 Electret microphone and ADC

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.

ESP-HI C3 CHIP REV A / 07 Buttons, RGB and external IO

Rev A prototype design. GPIO identities retained. See VALIDATION.md for check status.
